

**Vassar Student Association Council**  
**Agenda for May 3, 2009**

*Time: 7:00pm*

*Location: College Center 223*

“Going forward, we will make admissions decisions solely on the academic and other talents/accomplishments of the applicants, and not on their ability to pay. We are very excited about this change, which is consistent with and a natural evolution of our past commitment of significant resources to financial aid spending. This change has been enthusiastically supported by everyone in the Vassar community. But I want to give special recognition to the students, who early this year, through the VSA leadership, endorsed this policy change.” – Catharine Bond Hill at Vassar College’s 143<sup>rd</sup> Commencement, May 27, 2007
